DEGREES CONFERRED AT GRANGE MEETING

The third and fourth degrees were conferred on Mr. and Mrs. Albert Talbot and their daughter, Joyce, at the Rochester Grange meeting Wednesday night. The third degree was worked by the East Freetown ladies' degree team, and the Rochester Grange degree team worked the fourth degree. Taking part in the tableaux were Mrs. A. L. Hartley, Mrs. Louis Ouellette, Harold Taylor and Miss Edith Hedges.

Deputy Inspector Northwood of Orleans and Louis Gurney of East Freetown were escorted to the master's station and both spoke briefly.

Members of the Rochester Grange were invited to Mattapoisett on May 5th and to Stoughton on May 9th, when the meeting will be held at Westside School and the guest speaker will be "Sonny Jim".

The attendance award went O-Ne-Set Grange. The Lecturer's March was won by Miss Talbot and Mrs. Bissonette of East Freetown. A rising vote of thanks was given the East Freetown degree team for their fine work.

Refreshments were served by Mrs. Raymond King, Mrs. Maurice Fuller, Sr. and Mrs. Ouellette.

The next meeting, May 11th, will be a contest for pies, cakes and May Baskets. Prizes will be awarded for the best in each category.

Visitors were present from East Freetown, Orleans and O-Ne-Set Granges.

YOUR LIFE INSURANCE & SOCIAL SECURITY
TO BE DISCUSSED AT FINAL FINANCE FORUM

Mr. Allan S. Beale, executive vice-president, Savings Bank Life Insurance Council, has been secured as the speaker for the final meeting of the Family Finance Forum to be held Thursday, May 5th, at 8 P.M., at the Junior High School auditorium, Wareham, it was announced by Miss Beatrice I. White, County Agent in Home Economics, Plymouth County Extension Service.

Mr. Beale's subject will be "Your Life Insurance and Your Social Security". He will discuss the things one must consider in order to determine life insurance needs. He will also cover the need for relating the Life Insurance Plan to your Social Security coverage. Specific case illustrations will be used to point up family needs and how to achieve adequate insurance coverage within the income of the wage earner.

Mr. Robert B. Ewing, County Agent-Manager, will act as moderator for this final meeting of the Family Finance Forum which is being sponsored by the Banks of Wareham and the Plymouth County Extension Service.

A graduate of Accounting and Finance, Mr. Beale has always worked in the field of Life Insurance. Mr. Beale is currently Executive Vice-President of the Savings Bank Life Insurance Council, an organization composed of all Massachusetts Savings Banks.

Mr. Beale has had a wide and practical experience in the field of Life Insurance. A major part of his time has always been spent in direct contact with individual policy holders and those seeking information about the place of insurance in their personal plans. As a result, his approach to the topic of

NAMED TO BUILDING CODE COMMITTEE

Named to the Rochester Building Code Committee by the Planning Board are Raymond C. Lawrence of Marion Road, Maurice A. Fuller of Neck Road, and Calvin R. Daggett of Snipatuit Road. Thomas F. Oldfield of New Bedford Road, because of the many demands on his time, declined to serve on the committee full time, but he will act as advisor to the committee when needed.

SCHOOL LEADERS TO STUDY SCHOOL CURRICULUM

Principals, teachers and supervisors of Massachusetts School Superintendency Union 55 have been assigned to various curriculum committees to make an intensive study of each subject offered in schools. These committees will study the present curriculum and determine the need for any changes, additions or deletions. In order to carry out this project, in the most efficient and quickest manner possible, the school boards of the towns of Marion, Mattapoisett and Rochester in Union 55 have voted to assign one afternoon each month to be used solely for this purpose. The children of all grades will be dismissed at 11:30 A.M. the fourth Tuesday of each month, in order that the teachers may spend the entire afternoon working on this problem.

It is hoped that parents will take advantage of this time by scheduling appointments with dentists, doctors, music and other private lessons, shopping trips, and thereby decrease

THE SUMMIT

The very excellent editorial in the April 30th issue of the Saturday Evening Post concerning Summit meetings should be read by every citizen of the United States, and in particular those now preparing to negotiate with the Soviets. The piece is entitled "Former Summit Conferences Brought Disastrous Defeats to the Free World", and it is by George N. Crocker. Almost all of the present pressure that the Communist nations can bring to bear to promote trouble, stems directly from agreements signed at former summit conferences. All of the United States' sacrifices in blood and national resources in the fight to win the war in the Pacific were signed away in one stroke of a pen. China was won by our men in a bloody, island by island, fight across the Pacific. At the last moment the vast land area of China was allowed to be snatched away by the Communist Russians who had taken no part in any of the Pacific fighting. With China went the rest of Asia with the exception of Japan. In Europe the dismemberment of Germany followed the pulling back of our army to allow the Russians to come in and take what our men had won. This included the missile grounds in Germany giving the Russians their head start in the development of ballistic missiles. This put the city of Berlin in the center of a Communist island to be used as a threat to the Western powers whenever the Soviets feel the urge to stir up a crisis in

FINAL CHRISTMAS SEAL REPORT

The Plymouth County Health Association, Inc. announces that this year's Christmas Seal campaign totaled $50,003.49 The tabulations show that this figure topped last year's by $1,173.41 and set a new high.

The three towns of Marion, Mattapoisett and Rochester all increased their donations. A total of $934.40 was collected from Marion in 1959 and $804.00 in 1958. Mattapoisett, $717.00 for 1959 and $682.94 for 1958. Rochester, $311.00 in 1959 and $293.40 in 1958.

The president, the board of directors, the membership and the staff of the association wish to thank all who helped with this year's drive, the town chairmen, the volunteers and, most of all, the thousands of people who sent in their dollars.

order to gain concessions. This area given to the Soviets also included the German submarine fleet and building facilities with which the Soviets have built the greatest submarine fleet in the world. In the Post editorial, Mr. Crocker quotes the toast made by Stalin at a Yalta banquet. He ended this toast by these words, "But I as a naive man think it is best not to deceive my ally even if he is a fool." President Roosevelt and Prime Minister Churchhill drank to this toast with Stalin. Stalin then proved how naive he really was by breaking every agreement made within two months.

Lenin put forth the master plan by which the Soviet dictator is working today. Lenin said, "First, we will take Eastern Europe, then the masses of Asia, then we will encircle the United States, which will be the last bastion of capitalism. We will not have to attack. It will fall like a ripe fruit into our hands."

In 1931 a high Soviet official said, "Our time will come in 20 or 30 years. To win we shall need the element of surprise. The bourgeoise will have to be put to sleep. So we will begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The capitalist countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will leap at another chance to be friends. As soon as their guard is down, we shall smash them with our fist."

In his speech to the United Nations on his United States' tour, Khrushchev made his electrifying and unheard of overture. The proposition of complete disarmament. Now comes the chance to be friends at the Summit exactly as predicted thirty years ago. Will we leap at the chance to scrap our military power, the deterrent power which stands between Communism and the free world? Will we rejoice in our own destruction? The Summit talks coming up hold the answer to these questions, the most important in world history.

BRAIDED RUGS EXHIBITED AT SCHOOL

Antique chairs, tables and foot stools complemented the showing of braided rugs made under the practical arts' program held at the Rochester Memorial School auditorium. More than 100 people viewed braided articles which included braided chair seats, foot stool covers, oval, rectangle and circular rugs and even braided tote bags for mother and daughter. Daffodils, pussy willows and a large display of African violets on the stage highlighted the exhibition.

Mrs. Paul Kuechler of New Bedford was the instructor, and she divided the 20-week course into four units. The instructor had the class do a chair seat as the first project; the second unit consisted of working on an oval rug with size of the rug up to the individual person. The class, for the third unit, started working on rectangular rugs, and the project for the fourth unit was optional.

Of unusual beauty was a braided rug on display with a hooked center and the outer edges finished off with braiding. Members of the class choose their own color schemes for, as Mrs. Kuechler noted, they were going to "live with the rugs". The workmanship of the braided articles on display was excellent. One particularly attractive braided rug had a five strand braided center and the rest of the rug was completed with three strang braiding.

All colors used in the rugs were blended harmoniously. In working with the braided rugs, each woman worked out a definite color scheme. In the past braided rugs were of the hit or miss variety with raw edges showing and generally made of old materials and loose braiding.

The braided rugs of today have undergone a face lifting as evidenced by the rugs on display. They meet the requirements of casual living or can be at ease in a formal household.

In making the braided rugs, the class members worked out definite designs such as the diamond or rickrack pattern which is carried

BRAIDED RUG EXHIBIT Conitnued from Page 10

throughout the rug scheme. The craft of braiding rugs has left the homespun field and entered the field of a highly developed art.

In working on the braided rugs the women primarily used new materials. The strips used are one and one-half inches wide. The method taught by Mrs. Kuechler is what is known as the "thumbs up" method and the round braid is used.

The square cornered rugs were exceptional with the corners good and tight and no holes showing. Also on display were three circle rugs which means three braided circles are joined to make a larger rug. In instructing the class, Mrs. Kuechler made sure the women learned properly how to lace and start the center so that the oval or round rugs would not start to curl around the outer edges once it was placed on a flat surface.

Most attractive were braided black and turquoise mother and daughter tote bags. Also on display was another bag of tiny braid in navy and white which was stunning.

The braided rugs of yesteryear which were of necessity and used to cover bare floors and went with primitive furniture. Today's braided rug is planned as to design and color scheme, materials and the workmanship is superb.

People from the towns of Marion, Mattapoisett, Dartmouth, New Bedford, Acushnet, Yarmouthport and of course Rochester residents viewed the braided rugs on display.

Serving on the Practical Arts Committee are Mrs. Greenwood Hartley, chairman; Mrs. Clifford J. Hedges, Mrs. Allen P. Winsor, Jr. and Mrs. Irving Howes.

LAST WEEK'S COVER

Many Rochester people recognized our last cover as a house coverted from an old Rochester blacksmith shop. The original shop was long empty and furnished an interesting spot for the Rochester youngsters to play. Lloyd Vaughan, owner of Lloyd's Market recalled that the cellar of the building contained four horses hoofs complete with iron shoes and the children would put them on and clomp around becoming horses for the moment.
